RE: Final Public Records Request by Franklin R. Dillman

Dear Attorney Bailey:

Thanks for discussing with me the matter referred to above. As I stated, our firm represents the Macon County Commission (Commission), which has referred to us your letter of August 31, 2017 concerning this matter.

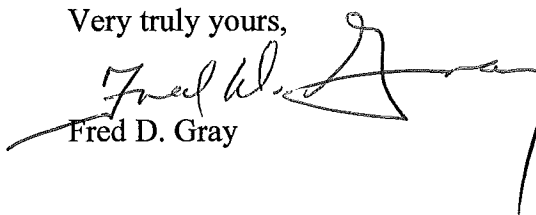

We have carefully reviewed the law cited in your letter, along with the written requests that have been made by your client Mr. Franklin R. Dillman. We have also reviewed your request for "documents" in said letter. Additionally, we have reviewed the documents in the Commission office related to those in Mr. Dillman's requests.

The Commission does not in its regular course of business compile the documents referred to in Mr. Dillman's requests. However, we found some requested documents which are in the possession of the Commission. Enclosed is a copy of all such documents. We are submitting the documents without waiving the Commission's right, and which it does hereby object, to supplying. Also enclosed is an invoice from the Commission for the costs of reproducing the documents. Please collect and send to me.

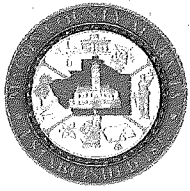

Other than the documents enclosed, Macon County Commission has not "received" and does not have any such requested "...written, typed, printed books, papers, letters or documents...", and therefore it cannot produce any additional documents which it does not have and has never had.

Thanks for your consideration of this matter.

Very truly yours,

  
Fred D. Gray
