Hand delivered during public comment of April 11, 2022 Macon County Commission meeting

April 11, 2022

Chairman Louis Maxwell
101 E. Rosa Parks Avenue
Tuskegee, AL 36083

Dear Chairman Maxwell,

This is my **second** request for the official minutes of the Macon County Commission Continuation meeting of August 16, 2021. The first request was hand-delivered to you during the November 8, 2021 Macon County Commission meeting with hand-delivered copies to the four commissioners.

Previously, I have brought to your attention the Alabama Open Records Act requires government to provide access and copies of government business associated documents to its citizens.

Also previously brought to your attention, the Alabama Supreme Court held because government bears the burden to furnish its documents to the public, it is incumbent upon government to provide a justification of denial should the request not be honored.

Therefore, I request you provide me with the requested document mailed to me at 2273 County Road 54 West, Notasulga, AL 36866 for receipt or a written justification of denial of the records within 7 days of receipt of this letter or otherwise you will be accepting the facts as noted above.

Respectfully requested, reserving all rights, known and unknown, and wavering none,

Frank Dillman

CC: Commissioner Miles Robinson, District 1
Commissioner Edward Huffman, District 2
Commissioner Ernest Magruder, District 3
