Hand Delivered to Commissioner Berry in Commission Annex April 10, 2017

April 10, 2017

Commissioner Robert "Mike" Berry
Macon County Commissioner District 4
101 E. Rosa Parks Avenue #105
Tuskegee, AL 36083-1735

Dear Commissioner Berry,

I emailed the below text to you a couple of weeks ago, however, I want to ensure you had received my request for your assistance to the solution of my long-standing request for public records, in accordance with Alabama Open Record Act, from Chairman Louis Maxwell.

I am not sure if you know the details of this particular Open Records Request to Chairman Maxwell. For nearly two years, I have been asking for the street addresses where the county sedan has received fuel paid by the citizens of Macon County. I currently have the location code, date, time, gallons purchased, cost per gallon and other information, a WEX, Inc. sample form with street addresses as provided Maxwell, and withdrawals from the county tanks.

The WEX, Inc. documents from Maxwell do not show the street address, but a meaningless alpha-numeric code.

Per our law, the only recourse I have available to me is to name Maxwell, the county, and others in a suit. Meetings, discussion, and strategizing are on-going; I am very confident in the suit's outcome for several reasons.

I am actively seeking an attorney. I would prefer not spending my retirement savings. However, I will do everything in my power as a citizen of Macon County, Alabama, and the U.S. to obtain those records and to hold him and any other persons directly or indirectly involved fully accountable by law.

I respectfully request your assistance to the resolution of my request. I suggest passing a resolution at this evening's county commission meeting directing the chairman to fulfill my request and have the documents, as specified in my March 13, 2017 letter, in my possession by Friday, April 14, 2017.

I am open to discussing this further with you for a resolution by Friday, April 14, 2017.

Respectfully,

Frank Dillman
