

### **Criminal littering Sights:**

One criminal littering site at district 3 old county shop off of Hwy 80, the case is still pending location of the subject that did the criminal littering.

### **Dog Bite Call:**

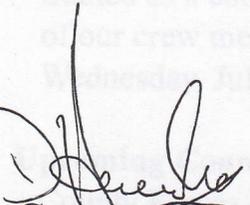

One false dog bite call on county rd 2 subject admitted falling off his bicycle and was not bitten by the K-9.

### **Business License:**

I spoke with Client Service Manager Yolanda Watkins about costumers' using credit cards to pay for their business license; she stated that it was in the works for the next fiscal year and it would not cost the County any additional fees, the only thing it might coast the costumer a convenience fee.

### **Humane Society:**

I spoke with Lorna Aho the president over the Humane Society and she advised that someone needed to let her know if there was any place in the County she could store her stuff. She does not need a place as big as the one she has now, if we have a place for her to go she had to get some help because the students would not be back until August. If we don't have anywhere for her to move to we need to let her know as soon as possible so they would be able to locate a place to put their stuff. *Chairman will give her a letter!*
