Dear Mr. Dillman:

I provided you copies of board members' expenses again in April 2013. So, I am not certain why the assertion that you have not gotten them is being made. As I stated, I have no out of town travel for FY 2012 or FY 2013. Board members have limited travel that deals with conferences for them to earn certifications and designations.

We are sending copies again in an effort to resolve this matter. If these copies do not meet what you are seeking; perhaps, you need to make an appointment to come in so we can try to better interpret what it is you desire, as we have sent and are resending what we have.

Sincerely,

A handwritten signature in black ink that reads "Jacqueline A. Brooks". The signature is written in a cursive, flowing style.

Jacqueline A. Brooks, Ed.D.
Superintendent of Education
